**PREMIUM QUALITY
CONTEMPORARY CLOTHING
MADE WITH RESPECT FOR BOTH
PEOPLE AND THE PLANET.**

From the beginning our mission has been to produce premium contemporary garments in a more responsible and sustainable way. We therefore integrate sustainability into everything we do. As one of the world's top organic cotton users, we are certified to the highest level and are ethical in our sourcing and production.

We use only 100% organic cotton as well as recycled and reclaimed materials, and are exacting in our standards of production. The precision and thought we put into our fabric weight, soft handfeel, colour selection and garment proportions ensures that we deliver premium products season after season, products that people love to wear.

STANLEY/STELLA

OUR COLLECTION

Stanley/Stella brings you a contemporary collection for a young urban community, made in a responsible and sustainable way. We offer over 100 styles for men, women and kids that are **premium and sustainable** as well as being supremely soft and comfortable to wear. We pride ourselves on being meticulous when it comes to fit, cut and proportions and our highly skilled teams always bring you the right style combined with the perfect fabric and colours.

We also highly value all the little details that go towards making a superior product. This means a great deal of care and attention goes into the design and selection of every little detail, from our hoods and metal-ware to our necktapes and linings, for **garments that are beautiful both inside and out.**

WE LOVE COLOUR

As colour specialists, we strive every single day to achieve the right tone for the right garment. From rich, earthy hues to light, airy neutrals and pops of bright, vivid colour, we offer an ever-expanding range of classic and on-trend colours.

No matter what palette we are working on, we always ensure that all our colours have Stanley/Stella's signature luminosity and warmth. We also place great importance on creating colours that are technically precise and appear on our garments exactly as we intended them to.

Finally, we carefully build our palettes to create perfect colour combinations, ensuring that all our garments mix, match and blend beautifully.

SUPERIOR PRINTING SURFACE

Stanley/Stella collections are widely recognized as providing the best printability on the market. The materials we use and the refined processes we have developed give our garments an exceptionally smooth and even printing surface. This means that colours come out brighter, print coverage is more uniform, our garments need less pre-treatment and there's less ink wastage.

Not only do Stanley/Stella garments produce the best printing results, but the process is simpler for you too – our garments are easier to handle and manipulate on a machine and you will save time by less trial and error and re-setting.

WE ARE SUSTAINABLE

Stanley/Stella strives to create high quality garments in a responsible, ethical way that respects both people and the planet. As such we make deliberate and conscious decisions every day about what materials we use, who we work with and how we work.

We use only 100% organic cotton because for us, using conventional cotton can never be ethically justified. Conventional cotton represents 2% of the cultivated ground on earth but a massive 17% of chemical pesticide use worldwide, a hazard to both people and bio-diversity.

Deciding to use only organic cotton is a challenge – after all, it represents only 1% of cotton production in the world. But we are totally committed to working in a different way and contributing to driving positive change in the textile industry as a whole.

WE USE ORGANIC COTTON

Organic cotton is grown without the use of chemical pesticides or fertilizers and is GMO-free. It thrives using traditional techniques and contrary to public perception, uses 91% less water than conventional cotton. As the rainwater that falls on organic cotton fields flows back into rivers and seas clean and uncontaminated by pesticides, it has an overall positive effect on soil, water and animals. And crucially, the health of cotton farmers and their communities is respected and protected.

WE ARE SOCIALLY RESPONSIBLE

From the cotton field to the shop floor, we work hard every day to guarantee an **environmentally and socially responsible chain of production**. We are committed to following the International Labour Organization's fundamental conventions which include, among others, reasonable working hours and remuneration and no child labour. We have also been active members of the [Fair Wear Foundation](#) since 2012.

WE WORK WITH TRUSTED PARTNERS

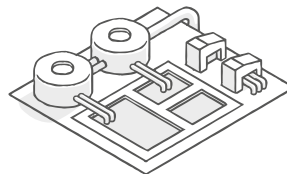

Because our focus is on building close, supportive and long-term partnerships with our suppliers, we have made a conscious decision to work with a very **limited number of partner factories**. Our team of 19 people in our Dhaka offices visit them on a daily basis. And as transparency is key to us, we made the move last year of publishing the names and contact details of all our suppliers in our annual [Social Report](#).

WE ARE CERTIFIED

Our efforts in working sustainably are **certified and regularly monitored by independent organisations**. The full details of our certifications and affiliations can be found on the next page.

WE MONITOR WATER TREATMENT

Water consumption at the fabric and dyeing stage of production is also a key concern for us which is why all our factories are equipped with an Effluent Treatment Plant (ETP). In 2018, several factories we worked with upgraded their ETP's to ensure optimized pH levels of the water they release.

WE ARE TRANSPARENT

We value transparency and publish an annual report providing detailed information on how we work and who we work with. Read more about our environmental and social practices by downloading our [Social Report](#) from our website stanleystella.com.

WE ARE CERTIFIED

FAIRWEAR FOUNDATION MEMBERS

Stanley/Stella has been a proud member of the FairWear Foundation since 2012.

FearWear Foundation is an international organisation that aims to improve workers' conditions in the textile industry. Supporting us to cooperate with our suppliers, to the benefit of all workers, it carries out audits in all our factories every three years.

GOTS CERTIFIED

All organic cotton used by Stanley/Stella is GOTS certified.

The Global Organic Textile Standard is the worldwide leading textile processing standard for organic fibres, including ecological and social criteria, backed up by independent certification of the entire textile supply chain. GOTS certification is for organic textiles made with organically grown raw fibres and for textiles made with organic fibres that have been processed into textiles without the use of harmful chemicals.

GRS CERTIFIED

Stanley/Stella uses recycled polyester in a number of our garments and accessories, and recycled cotton in our bags and pencil cases. All the recycled materials we use are GRS certified.

The Global Recycle Standard (GRS) is an international, voluntary, full-product standard that sets requirements for third-party certification of recycled content, chain of custody, social and environmental practices and chemical restrictions.

OEKO-TEX CERTIFIED

All Stanley/Stella garments are Oeko-Tex certified meaning we do not use any harmful substances in the production of our products.

Oeko-Tex is a uniform safety standard for the assessment of harmful substances in fabrics. Its aim is to ensure products are free of harmful substances.

OCS CERTIFIED

All Stanley/Stella woven, Tencel™, modal and sherpa-lined garments are OCS certified.

The Organic Content Standard (OCS) is a certification that applies to products containing at least 5% organic material. It verifies the presence and amount of organic material in a final product and tracks the flow of the raw material from its source to the final product.

NEW FOR SS20

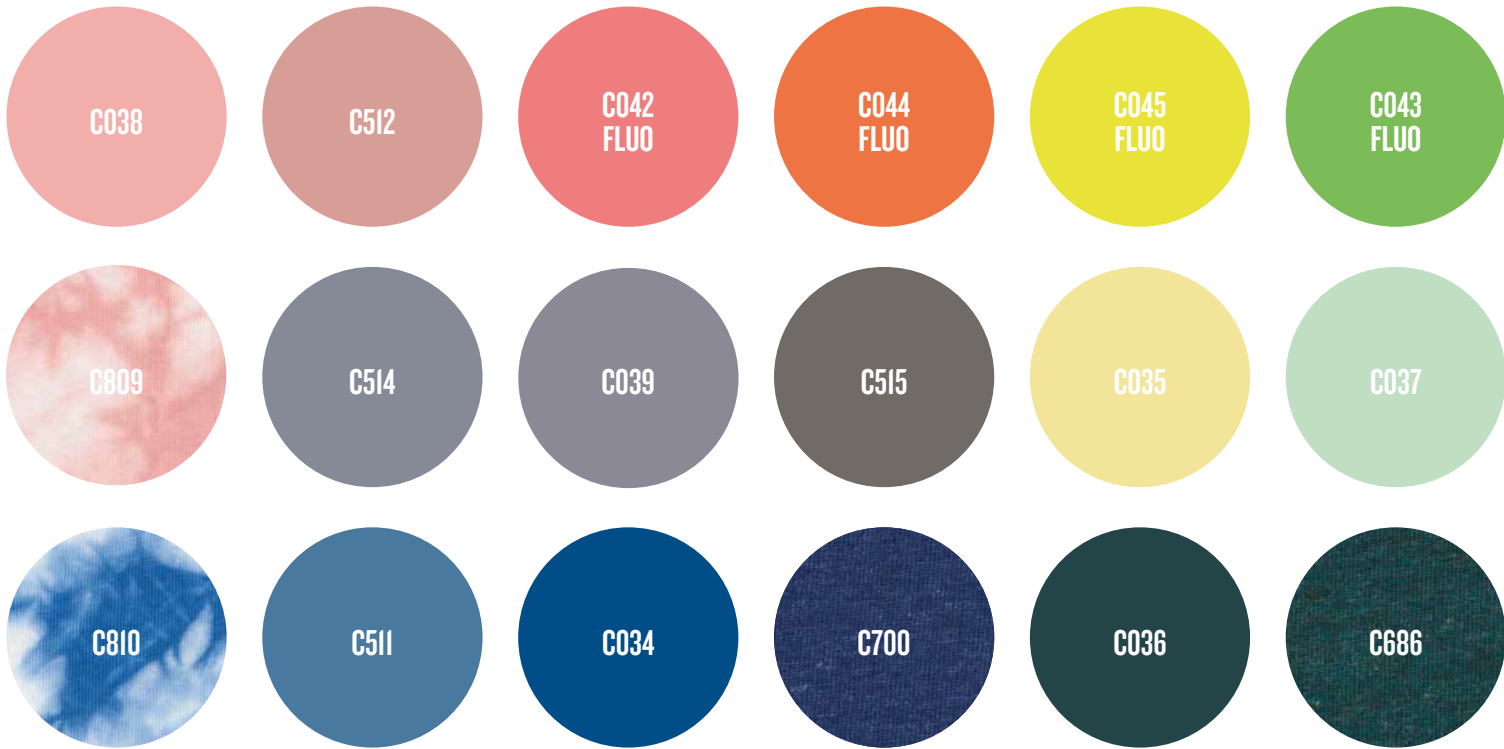

This season we turn up the heat and let the sunshine in. Joyous and light-hearted, the SS20 collection features new, airy proportions, slub t-shirts and festival inspired colours and dyeing techniques. Sleeveless tees, cropped tops, wide fits and lighter fabrics give a fresh, summery feel as do new colours celebrating vintage garment dyes and bright fluos. From blush pinks, smoky greys and misty yellows to fluorescent greens and oranges, this season effortlessly mixes chill vibes with festival fever.

COLLECTION

LIFE CYCLE

Our collection is made up of Core, Iconic and Essential styles. In addition we offer a Capsule collection twice a year. These capsules are seasonal collections that offer innovative shapes, fits and proportions as well as new colours and all over prints. This ensures that we provide a great mix of on-trend designs and classic wardrobe staples.

Throughout this Lookbook you will see certain styles flagged as Iconic, Essentials or Capsule. Here's what that means:

ICONIC

Our Iconics are a collection of forever pieces, staple styles made to the highest standard with premium finishing and details. We consider these to be the best products on the market. Iconics stay relevant and in the collection for around five years.

ESSENTIAL

The Essentials Collection is a family of products specially designed for digital retail, merchandising and high volume business. These products stay in the collection for around five years.

CAPSULE

Our capsule collections are seasonal, released twice a year for Spring/Summer and Autumn/Winter, mirroring retail fashion codes. These capsules are designed to bring you something new: alternative silhouettes and proportions or new styles that are perfect for trend-driven customers. These seasonal styles and colours stay in the collection for a short time, approximately 6 months or while stocks last.

CUSTOM MADE FOR YOU

We believe that Stanley/Stella offers the best collection of premium blank apparel on the market, and so do our customers. Each garment is carefully crafted with you in mind, from design and colour selection right through to packaging and customer care. Here's why we stand out above the crowd:

UNIQUE NETWORK OF OFFICIAL DEALERS

We work with a unique network of Official Dealers in Europe, **experts in textile decoration**. From digital to screenprinting to embroidery, our dealers are highly specialised in garment customization, using the latest technology and innovation to deliver the perfect customized garments to the end customer. The combination of our premium collections and best-in-class printability with their skill in decoration, guarantees a perfect end product, time after time. **Our Official Dealers are more than partners, they are part of the Stanley/Stella family** and share our premium and sustainable DNA.

If you are looking to order customized Stanley/Stella garments **[please contact our Official Dealers directly](#)**. You can find the contact details of all our dealers on www.stanleystella.com.

PREMIUM CUSTOMER CARE

Our premium products are matched by premium customer service. We guarantee you first-class personalised assistance throughout your journey with Stanley/Stella.

SUPERIOR PRINTING SURFACE

Our garments are not just supremely soft and comfortable to wear, but are also perfectly conceived for all kinds of decoration. Stanley/Stella collections are widely recognized as providing the best printability on the market. The materials we use and the refined processes we have developed give our garments an exceptionally smooth and even printing surface. This means that colours come out brighter, print coverage is more uniform, our garments need less pre-treatment and there's less ink wastage.

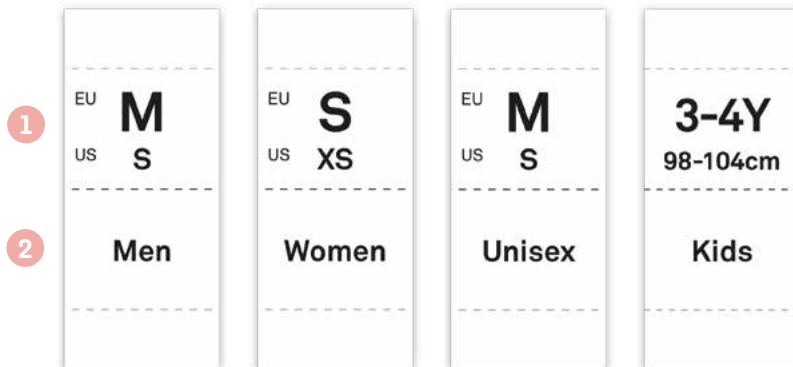

We provide detailed **Printing Guides** for each product to help you achieve the best printing results for your customers. The guides can be downloaded **from the product pages on www.stanleystella.com**.

EASY RELABELLING

Stanley/Stella garments allow for easy relabelling thanks to our **ingenious tear-off labels**. There are no other identifying features on our garments other than our trademark quality and style.

SIZE LABELS

- 1 EU sizing corresponds to one size smaller for the US market
- 2 Gender is mentioned on the reversed side of the label

For non-GOTS certified dealers: make sure to remove the GOTS certification label from each garment before sending to the final customer. Failing to do so could result in significant fines from GOTS.

For GOTS certified dealers: make sure to replace the Stanley/Stella GOTS certification label with your own.

TEAR-OFF CARE LABELS

- 3 Certification Label
- 4 Stanley/Stella's main garment label with our HQ address
- 5 Composition translated into 28 languages
- 6 Wash care instructions
- 7 POT label (Purchase Order reference)

EXTENDED SIZING

Our adult sizing range is now extended, with selected styles and colours available from XXS right through to 5XL. Our kids sizing goes from 3/4 years all the way up to 12/14 years.

Use the **Special Sizes filter on our website** to see all the sizes available per style and colour.

UNRIVALLED STOCK LEVELS

We offer an unrivalled 98% stock coverage, meaning we can cover virtually ever single order we receive, every single day.

We hold a **high volume of stock** in our main colours and styles and offer full transparency on stock levels for each and every garment, giving you the peace of mind you need.

Registered customers can use the **View Stock Level** option on the product pages on our website to check real-time stock levels and inbound restocking dates on each and every style/colour with just one click.

You can also **set an alert to be notified when your favourite products are back in stock**. You can set this alert at the colour level of the product pages on www.stanleystella.com

OPTIMIZED PACKAGING

To simplify the ordering process we have harmonized the quantity of items per box:

Jackets / Sherpas	10 units per box
Sweatshirts / Pants / Sweat dresses	20 units per box
Polos / Shirts / Long Sleeves / Heavy T-shirts / Shopping Bags / Gym Bags / SJ Dresses	50 units per box
T-shirts / Tank tops / Tote Bags / Pencil Cases	100 units per box
Extended sizes (XXS & 4XL +)	Refer to website

Please refer to the product pages on our website for the most up-to-date packaging information.
